MEMORANDUM

01 Aug 96

From: Commanding Officer
To: LCDR James Hibbs, DC, USNR

Subj: HIGH IMPACT-96

I would like to extend my personal thank you for the OUTSTANDING job you did in support of Operation High Impact-96, Ft. Sill, OK from 8 - 22 June 1996. You endured severe weather conditions while in the field providing tremendous dental support to the Marines. The number of patients you treated and procedures you completed were impressive and the most of any comparable exercise in the Dental Battalion this year. Often working 14 hour days the dental treatment you provided to the Marines greatly enhanced their mobilization readiness and increased their mission capability. Once again on behalf of myself and the entire Dental Battalion I thank you for your tremendous dedication, devotion to duty, and perseverance. **WELL DONE!**
