1. On behalf of the Command and the 1988 CFC Activity Chairman, I extend my appreciation for the outstanding job you did on the 1988 Combined Federal Campaign Fund Drive. As a result of your personal commitment and untiring efforts, many charitable organizations will benefit significantly. More importantly, as a key worker, you have performed a meaningful community service, bringing care and financial assistance to your fellow man. You can be justly proud of this accomplishment.

2. Your administrative ability in the management of funds for your clinic was superb. Through your combined effort, Naval Dental Clinic collected \$20,251.00 with a participation level of 90.6%. We achieved 109% of our goal, an increase of 6% over last year's contributions.

3. I applaud your accomplishment in this worthy cause and congratulate you on a job "Well Done!"
