26 MAR 1987

From: Commanding Officer, Naval Dental Clinic, San Diego

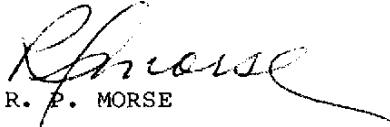

To: LT James E. Hibbs, DC, USNR

Subj: LETTER OF APPRECIATION

1. The annual Marine Corps Recruit Depot Children's Dental Health Program held 24-26 February 1987 was enhanced by your participation. Your personal assistance in the oral examination, dental health care instruction and motivation of dependent children contributed significantly to program goals and patient well-being. The many favorable comments from participants' parents attest to the success of this laudable endeavor.

2. The fact that these efforts were at the expense of your own personal time and obligations only serves to reinforce your dedication to our dental beneficiaries and the Command.

3. On behalf of the program organizer and your Branch Director, I wish to personally thank you for a job well done.

  
R. P. MORSE
