To: LT James E. Hibbs, DC, USNR
Subj: LETTER OF APPRECIATION

1. Our Fall 1987 Combined Federal Campaign was a great success and was enhanced by your participation as a Keyworker in the campaign. The command collected \$19,096.50 which was 105.5% of our goal. Your personal encouragement of your coworkers to contribute to this worthwhile cause was greatly appreciated.
2. I realize that the time and preparation which went into this effort were at the expense of a busy schedule, and served to further point out your caring attitude and dedication to an excellent cause. The charitable needs of our local community benefited from your active involvement in the campaign.
3. I wish to thank you personally for your outstanding support as a Keyworker and express the hope for a continuing association with the Combined Federal Campaign.
